### RECOMMENDATIONS

Use this section to register your three (3) recommenders.

Recommendation 1: Letter from your Brazilian Advisor: The letter should provide support to your project development. Note that the letter should be typed on institutional letterhead and signed.

Recommendations 2 and 3: It should be from people qualified to evaluate your academic and professional work; the abilities you bring to the proposed project; your ability to adapt to another country and culture; and the merits of the project itself.

- Recommendations can come from your home institution and professional works in the area.
- Choose your recommenders carefully and contact them early. The letters of recommendation need to accompany the application as it could otherwise be weakened by an insufficient number of recommendations.
- Do not ask someone for a letter of recommendation unless the person is well acquainted with your qualifications. A pro forma letter from a well-known scholar, a contact abroad or a prominent government official will carry less weight than a realistic assessment of your abilities from someone who knows you and your work well.
- Recommendations must be written in or translated into English.
- The letters must be submitted through the online application system by the application deadline.

Note that documents should not be mailed to the Fulbright Commission.

- Once you register your recommenders, they will receive an automatic email with instructions on completing the online recommendation form. You can track the status of recommendations, send reminders, and add/delete recommenders through this system before and after the submission of your application.
- Once sent, you will have the option to Edit Recommender information if they have not yet started progress on their response and Save, Send Reminders, and Exclude if you wish to remove the recommender and replace with another individual.
